

SPEAKE-MARIN
A PASSION FOR WATCHMAKING

Speake-Marin supports the Only Watch association

June 2015 - Speake-Marin has the immense honour of announcing its participation in the sixth edition of the *Only Watch* charity auction to be held on November 7th in Geneva by contributing a one-of-a-kind model: Resilience “One Art”.

Speake-Martin is extremely proud to be joining the *Only Watch* adventure and taking part in the charity auction for the first time by donating a unique timepiece for the event, Resilience “One Art”.

The entire proceeds raised from this sale will benefit the Monaco Association against Muscular Dystrophy to help finance research into the neuromuscular disease known as Duchenne muscular dystrophy.

SPEAKE-MARIN
A PASSION FOR WATCHMAKING

For this sixth edition, Only Watch is bringing together 40 watchmaking manufactures, each of which is offering a unique watch model specially created for the event. Speake-Marin has decided to contribute a Resilience timepiece from the J-Class collection, vividly reflecting the brand DNA. Easily recognisable with its clean, crisp lines and characteristic design elements, this 38mm timepiece in red gold will be distinguished by a red gold seconds hand, a crown set with a sapphire and a unique personalised engraving adorning the Piccadilly case chosen to house the watch mechanism.

The entire Maison Speake-Marin has been actively involved in ensuring that this project – a perfectly finished unique watch unique of its kind – is a success. The piece will be handed over to the Association and will accompany the international exhibition scheduled to travel the world this autumn: Monaco, Hong Kong, Beijing, New York, London and finally Geneva for the sale that will take place on November 7th.

Should you require any further information on Speake-Marin's participation in *Only Watch*, kindly contact our communication manager by e-mail: veronique@speake-marin.com or by telephone: +41 21 695 26 56
